MEMORANDUM FOR: Acting Chief, E/C

SUBJECT: ECD/State Request for Information on Intra-Bloc
Movements of Rubber

1. Mr. Richard Long, ECD/State (Room 515, S.A. 7, Extension 3647) called this afternoon to request that he be furnished any information CIA might have immediately available on this subject. Information is desired covering the last two years and may be up to SECRET classification. He requests this data within a couple days. No formal project on CIA's part is required.

2. Will you bring this request to the attention of an E/C analyst handling rubber as a commodity and see that Mr. Long is advised of CIA's ability to provide the desired information?
